# SNXPRO: QUIET, QUALITY WORKSHOP AIR

There are a lot of piston compressors on the market. But only Worthington Creyssensac's SNXPRO will give you that crucial combination of performance, reliability, and low noise. Count on the SNXPRO to be your powerful, yet quiet workshop companion that delivers quality air whenever you need it.

## POWERFUL & DEPENDABLE PERFORMANCE

The SNXPRO is a premium piston compressor that reflects Worthington Creyssensac's quality standards. Key to its strong, energy-efficient performance is its superior piston pump. Thanks to its low rotation speed, you enjoy exceptional reliability and a long lifetime.

## A QUIET & COMPACT PRESENCE

The SNXPRO was built to go unnoticed on your workfloor. Its optimized canopy design minimizes sound levels to protect your hearing and create a more comfortable working environment. And thanks to its compact build, the SNXPRO takes up little space.

## AN SNXPRO THAT WORKS BEST FOR YOU

### SNXPRO 227-327 2-3 HP / 1.5-2.2 KW

- Extra quiet for comfortable work floor operation.
- Easy to operate and maintain.
- Integrated 27-liter air vessel ensures a stable air supply.
- Built for safety with fire-proof insulating foam and metal belt guard.
- Ideal for small pneumatic jobs.

### SNXPRO 3100 / SNXPRO 5500 3-5.5 HP / 2.2-4 KW

- New NS31 pump delivers increased performance and reliability.
- Canopy was designed specifically to minimize sound.
- Available in floor-mounted and tank-mounted (270 and 500-liter) models.
- All-in-one design reduces the unit's footprint.
- Ideal for automotive service stations.

### SNXPRO 60 / SNXPRO 10500 5.5-10 HP / 4-7.5KW

- Flexible air storage options with floor-mounted and tank-mounted (270 and 500-liter) models.
- Heavy-duty cooling system with dedicated fan for dependable operation in all conditions.
- Can be outfitted with integrated dryer for an all-in-one quality air solution.
- Ideal for workshops and carpentry shops.

# THE PREMIUM PISTON COMPRESSOR

## FLEXIBILITY IN AIR STORAGE OPTIONS

Air storage ensures stable air delivery. The SNXPRO offers flexible options tailored to your air usage and available floor space. For those with limited room, the floor-mounted unit comes with an integrated 27-liter air vessel. If you need more storage, tank-mounted models are available with 270-liter or 500-liter vessels.

## RELIABILITY IN THE TOUGHEST CONDITIONS

Some workfloors are tougher than others, but the SNXPRO's reliability never falters. Its dedicated cooling fan ensures smooth operation, even in hot and dusty conditions.

## QUALITY AIR IN AN ALL-IN-ONE SOLUTION

Does your work require dry, high-quality air? The SNXPRO offers the option of a built-in refrigerant dryer. It's a fully integrated, plug-and-play solution that will deliver the dry air you need without taking up too much space. The compressor and dryer were built and tested to work together optimally, so you are sure to enjoy Worthington Creyssensac's quality guarantee.

## POWERFUL PISTON PUMP PERFORMANCE

It is the pump that determines the performance of a piston compressor. Every SNXPRO model comes with a premium pump that was specifically selected to deliver efficiency and reliability for its specific power range. The SNXPRO 4 HP models even come with a brand-new NS31 pump. Its low rotation speed ensures a longer lifetime.

## WORTHINGTON CREYSSENSAC'S HERITAGE

Creyssensac was founded in Nanterre (near Paris), France in 1934 by Elie Creyssensac and quickly became renowned in the automotive industry for developing high quality piston compressors. In the mid nineteen sixties, screw compressors were added to the product portfolio while 1973 saw the merge with Worthington. This further expanded the influence of the company in the compressed air world and reinforced the distributor network.

Today, its long-standing experience and continuous innovation ensure Worthington Creyssensac is a trusted partner for its customers.

Care. Trust. Efficiency

### Care

Care is what service is all about: professional service by knowledgeable people, using high-quality original parts.

### Trust

Trust is earned by delivering on our promises of reliable, uninterrupted performance and long equipment lifetime.

### Efficiency

Equipment efficiency is ensured by regular maintenance. Efficiency of the service organization is how Original Parts and Service make the difference.
